

STATE OF NEW YORK

GEORGE E. PATAKI  
GOVERNOR

August 2002

Dear Friends:

It is a pleasure to extend greetings to the Downtown Business users.

Our loss as a State and Nation illustrates the incomparable need for all of our communities to stand together united in spirit. This interactive CD commemorating the anniversary of 9-11 will introduce the most significant memorial websites, including essays, poems, songs, photos and videos. It will also include downtown businesses and phone directory that promises to reinvigorate the Lower Manhattan economy.

Very truly yours,

*George E. Pataki*
